Subject: Finding of No Significant Impact (FONSI) and Final Environmental Assessment (EA)
for Proposed Blue River Native Fish Restoration Project

The Bureau of Reclamation has determined that the proposed native fish restoration project will not be a major Federal action significantly affecting the quality of the human environment. This determination has been recorded in a FONSI. A copy of the final EA and FONSI is provided on the attached CD-R. Paper copies of the final EA and FONSI are available upon request. These documents can also be viewed at <http://www.usbr.gov/lc/phoenix>.

The predecisional draft EA was mailed to potentially affected or interested individuals, organizations, and agencies for public comment on July 21, 2010. Reclamation received 14 comment letters and e-mails on the draft EA. Appendix F of the final EA includes a summary of all comments received on the draft EA and Reclamation's responses.
